

SOFIANE HAOLI

Full-Stack Web Developer · UI/UX Designer

sofianhot01@gmail.com | +213 541 007 578 | Blida, Algeria | github.com/skairover

PROFILE

Full-stack developer with hands-on experience shipping production web applications. Built and deployed TrackMint (MERN expense tracker) and PharmaFlow (pharmacy management system) independently — from architecture to UI. Comfortable across the full stack: React, Node.js, MongoDB, Tailwind, and REST APIs. Looking for a developer or designer role where I can contribute real features from day one.

PROJECTS

TrackMint — Personal Finance Tracker

Live at trackmint.vercel.app

- Built a full-stack MERN application for tracking income and expenses with real-time balance and interactive charts
- Implemented secure JWT authentication, category management, and a responsive React dashboard
- Deployed to Vercel with a Node.js/Express backend and MongoDB Atlas

PharmaFlow — Pharmacy Management System

Live at pharmaflow-psms.vercel.app

- Designed and built a centralized dashboard for inventory, sales, prescriptions, and supplier tracking
- Architected a data model for medicines, stock levels, and supplier relationships in MongoDB
- Delivered a clean, accessible UI with Tailwind CSS, fully responsive across devices

EXPERIENCE

Administrative Intern

2024

APC de Beni Mered — Municipal Administration, Blida

- Assisted with administrative workflows and public-facing operations in a government office
- Developed professional discipline: documentation, structured communication, and time management

Volunteer Organizer

2024 — Present

University Scientific Club — Université Saad Dableb, Blida

- Co-organized campus events covering logistics, audience management, and on-the-day coordination
- Collaborated with cross-functional teams under tight deadlines

Community Volunteer

Seasonal

Iftar Assaem & Local Charitable Association — Beni Mered

- Managed beneficiary intake and crowd flow at high-attendance events calmly and efficiently

SKILLS

Frontend: React, Next.js, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)

Backend: Node.js, Express.js, REST APIs, Python

Database: MongoDB, Mongoose

Tools: Git, GitHub, Vercel, Figma, Blender

Design: UI/UX prototyping, responsive design, component systems

EDUCATION

Licence en Urbanisme (Urban Planning)

2024 — *Present*

Université Saad Dableb — Blida 1

- 2nd year — project management, spatial analysis, and interdisciplinary teamwork
